MEMORANDUM FOR: The Director of Central Intelligence

SUBJECT: Annual Report of the NIS Program

1. There is transmitted herewith the Annual Report of the National Intelligence Survey Program for Fiscal Year 1958.

2. In all respects this has been a successful year of operations, with the usefulness of the NIS extended, new requirements developed, and the program wholeheartedly supported by all participating agencies. NIS production exceeded the Joint Chiefs of Staff annual requirement and was the second highest since the inception of the program, a notable attainment considering the cutback in personnel during the year in many of the producing agencies.

3. This report marks the Tenth Anniversary of the NIS program. It would seem an appropriate occasion for you personnally to commend the members of the IAC on the uniquely consistent long-range participation of their agencies in the significant contribution to the national intelligence effort that is being accomplished by the NIS program.
